

CREATIVE VISUAL ARTS (L2)

\*PAINTING (L3.6)

### **SHELL PAINTING (L4)**

We needed to adapt the activity to make with nursery pupils:

We worked with 4 years old pupils and we made the shell of Apostle Santiago. First, we gave the children the shield of Apostle Santiago on a red cardboard. The children only had to chop it with the punch and the mat. Then ,they had to stick the shield on the paper shell that we gave it.

### **Participants' Feedback**

Our pupils actively expressed their delight with this activity. The only difficulty we found was that the shields were very small and the students broke them when they were chopped
